BUILDING BEST TYPE CITIZENS

Local Boys to Compete for
Awards at Barrington
Tonight

"As scout members of the Boy
Scouts of America, Troop 7, Ar-
lington Heights, we give you greet-
ing."

"What the Scouts stand for, how
they function and the anticipated
results from scout efforts will be
our short message to you."
"Scouting, as presented by the
Boy Scouts of America, stands for
all that is good in the boys of
"yesterday" "now" and of the fu-
ture."

"Each day each scout reestab-
lishes his platform in repeating
the Scout oath:

On my honor I will do my best.
To do my duty to God and my
country and to obey the Scout
laws.

To help other people at all times.
To keep myself physically
strong, mentally awake, and mor-
ally straight, and in so doing live
definitely that for which Scouting
stands."

"Scout meetings teach reverence,
organization, leadership, self con-
trol."

The hikes get the scouts closer
to nature, to themselves, to God,
through more intimate contact with
the great outdoors, benefiting
them, not only mentally, morally
and spiritually, but physically.

In their advancement program
through the tenderfoot, second and
first class requirements, then into
the eighty odd merit badge awards,
training is given toward ultimate
choice of future life work, stick-to-
it-iveness, preparation to meet any
and all emergencies as they arise,
better citizenship.

And what can the results be?
With cooperation from homes
and adult organizations, there can
be no results but those in the pro-
per direction—better boyhood, boy-
hood better fitted to meet the prob-
lems of today and those to come,
better manhood and better civiliza-
tion.

Isn't that logical and can't you
see it working out?

We scouts have rendered civic
service, endeavored to establish
better action at home and in pub-
lic places, assisted in church ser-
vices, put Arlington Heights on
the map in Scouting circles; stand
ready to do any and all honorable
turns, not conflicting with color,
race, politics or creed and hope to
see the day when all boys in this
village are rendering Scout ser-
vice, with their friends and par-
ents realized 100 per cent to their
support.

Boys, join the Scouts if you are
old enough, if not be a Wolf Cub
and learn the laws of the Pack.

Coach Grose Says "Stick"

Coach Grose of the high school
faculty addressed the Scouts last
Monday night on "Athletics and
Scouting."

The talk was interesting, instruc-
tive and contained some peppy
ideas.

One thought presented by Coach
Grose was that the boy who drops
scouting for specialized athletics is
not the type athlete desired. A
young fellow needs both activities
and the one who can't carry on his
scouting while engaged in school
athletics has a lazy streak.

The Coach's advice to boys is
"Get into scouting and stick."

Hike to Elk Grove

Fine hike we had to Elk Grove
last Saturday and Sunday with
some good pioneering work and a
very knoll to work on.

The day was fine, cats just hit
the proper spot and those small
bridges gave everyone a chance to
accumulate some new ideas.

Give the boy permission to at-
tend the next one, mother and dad,
and he'll return home in better
shape than when he started.

Your scouts get proper supervi-
sion and consideration.

given.

New Machinery Gives Arlington Dairy A Model Plant

It is a pleasure to see how mod-
ern science as represented in the
new machinery at the plant of the
Arlington Dairy, strives to keep
people well. No matter how care-
ful our grandmothers were in the
handling of milk, none of the pro-
duct that was served on their ta-
bles equalled the purity and clean-
liness the product of the modern
dairy as is to be found in the Ar-
lington Heights Dairy on North
State road.

Mr. Kraack has recently install-
ed two giant pasteurizers doubling
the previous capacity. From the
time that the milk arrives from
the farm until the bottle is opened
at the breakfast table there is no
chance for any impurities. The new
equipment does the job better and
easier than ever before.

Human hand does not touch the
product. It is strained, heated for
pasteurizing to a temperature of
134, where it remains thirty min-
utes and then quickly cooled from
that temperature to 38 degrees and
bottled. Even the bottle caps are
attached by machinery. Mr. Kraack
buys all of his milk from the vic-
inity of Arlington Heights and it
is placed at the doors of his cus-
tomers from 12 to 30 hours sooner
than would be possible if the milk
was first sent to Chicago for bot-
tling.

LARGE SUM FOR ARLINGTON PK. IMPROVEMENT

New Club House to Cost
\$125,000; Prepare for
Record Meeting

NEW OWNERS TAKE CHARGE

Liquidation of Original Jockey
Club Completed; Land
Owners Are Paid

The new owners of Arlington
Park expect to spend upwards of
\$200,000 in improvements at the
big race track at Arlington
Heights. The track was visited
Wednesday afternoon by Mr. Otto
H. Lehmann, president of the
American National Jockey Club and
Mr. Roy Carruthers, executive di-
rector.

No start will be made upon im-
provements this spring that can
not be completed in time for the
July race meet, but the future
plans are very extensive, includ-
ing golf course, flying field, polo
field, etc. At present they will
confine their work to the laying out
of steeple chase course in the in-
field of the two tracks and im-
provements about the paddock. The
other plans are for the future and
will be in accordance with the de-
sires of the stockholders and board
of directors.

The July race meet, recognized as
the choicest of the entire sum-
mer in the Chicago district, will
be made very attractive to the turf
world by the offering of prizes
larger than have ever been placed
in the Chicago district. It is ex-
pected that the eyes of the turf
fans all over the United States
will be upon Arlington Park dur-
ing the month of July.

No Landing Field Now

The storage of nearly a hundred
Robinson-Curtis planes at the
track the past winter, has given
rise to a lot of wild rumors, but
Mr. Carruthers stated Wednesday
that the planes would be moved
out as far as possible. The grand
stand was used only for storage
purposes. The ships are all of the
cabin type and were shipped here
from the factory at St. Louis for
spring deliveries in the Chicago
district.

Immense New Club House in
Progress

Excavation work is in progress
for the new building for the Post
and Saddle club, a private organ-
ization. This is to be a sumptuous
house, 150 feet long and 59
feet wide, with a covered porch 21
feet wide and running the full
length. It is situated on the ter-
race to the west of the grand stand
and will command a view of the
race track. A feature will be the
roof garden, 26 feet wide, extend-
ing the length of the house, and
backed by 12 private dining rooms,
hallway, lockers, etc.

Downstairs under the roof garden
will be a large general dining
room and a lounge room, and back
of that a reception hall, check
room, office and other features for
the comfort and convenience of the
members and guests.

The style is colonial, and brick
will be the material used. Ben H.
Marshall of Chicago is the archi-
tect and builder.

Additional Stables

The present stables with space
for 1250 horses are considered in-
adequate and a number of new
barns will be erected.

The liquidation of the present or-
ganization of the American National
Jockey club has progressed to the
point where all obligations of the
company have been paid. Local
business men have received
checks in full of their accounts. Or-
iginal owners of the land taken for
the park have received interest
payments on the principals as speci-
fied in their contracts.

With the taking over of the park
by the new element of sportsmen
the park is on a higher plane than
any of the parks in the Chicago
district, which will no doubt be re-
flected in greater confidence and
patronage on the part of the gen-
eral public.

New Party Starts Vigorous Campaign

The New Party opened up head-
quarters last week on south Danton
Avenue and report a big attendance
at their first meeting, Monday
night. Many workers reported for
duty and were assigned individual
districts. The workers report that
the general public appears to be
well informed upon public affairs
and there will be a record vote out
April 16.

Bake Sale Tomorrow At Village Hall to Benefit the Library

A bake sale will be held at the
village hall tomorrow afternoon
(Saturday) at 3 o'clock, by the Ar-
lington Heights Woman's club. The
proceeds are to be used for drapes
for the new library rooms in the
village hall.

COOK COUNTY DECLAMATORY CONTEST HELD

Martin Blizek, Seventh
Grade Pupils Prize
County Declaimer

The first prize in declamation for
the entire county of Cook in the
public school contests which came
to a climax Wednesday at the Ar-
lington Heights school district 48,
in Hanover township near Elgin. Mar-
tin Blizek is his name and he hails
from the seventh grade in the one
room school. He was opposed by
six other contestants, each of which
had won first place in their re-
spective townships. It was a very
close decision, according to Noble
J. Puffer, who is his director of
education.

This boy from the country has
twice been boy health champion for
Division One, comprising the town-
ships of Barrington, Palatine,
Schaumburg and Hanover.

Second place was won by Doris
Mae Colcott, 10 years old, of the
eighth grade of the Standard
school at Homewood. Third place
was awarded to Catherine Bayer of
the eighth grade class at Riverview.
A banner was given to each to hang
in his school, and a medal for him-
self. Chief Blue Sky, a Seminole
Indian, gave Indian dances and
songs after the contest, which was
appropriate, as the selection all had
used was Charles Sprague's "Am-
erican Indian."

Judges in the contest were Francis
G. Blair, state superintendent
of public instruction, Judge Henry
M. Horner of the Probate court and
County Superintendent of Schools,
T. A. Simpson of Lake county.

Krause's Cash Market Has Easter Window

There is no reason why a meat
market can not have an attractive
Easter window and we doubt if
there is any in town more artisti-
cally decorated and displaying the
wares of the store in a more attrac-
tive manner than that of the
Krause Cash Market. Hams and
sausages with a few Easter rab-
bits and Easter lilies have a back-
ground of the Easter colors in de-
corating drapes, with the result
that nearly every person who pass-
es by stops and admires the win-
dow. Mr. Krause says that a nicely
decorated window is an invitation
to enter the store that few people
can pass up. Mr. Krause reports
increasing patronage.

DeLuxe Subdivision For West Campbell

The Redecker Company will soon
be offering to the public lots in
Ridgeland, which Mr. Redecker
says is destined to be the DeLuxe
subdivision of the west side. It
consists of five acres and is lo-
cated on West Campbell street.
Mrs. Fiene has turned the prop-
erty over to a syndicate of which
the Redecker Company are the
agents. Application has been made
for sewer, water, sidewalks, pave-
ment and boulevard lights. The
property will be highly restricted,
permitting only the erection of
brick homes. This is the last close
in vacant property to be had in
Arlington Heights. The early pur-
chasers will secure lots at low
rock prices.

Woman's Club Getting Full Equipment for New Library Quarters

The special committee on furn-
ishing the new library rooms in
the Arlington Heights village hall
made their report at the last meet-
ing of the Arlington Heights Wo-
man's club, and the report was ap-
proved.

The committee has followed the
advice of Anna May Price, the
state librarian, who made a sur-
vey and recommendation of the
equipment and arrangement of the
rooms.

Though the special library fund
of the woman's club is a small af-
fair, it has decided to pay for the
equipment. This will include book
racks, tables of various sizes, a
magazine rack, a writing desk, a
working desk with a typewriter,
and a table for the library book
trucks and bulletin board, all of
which are to be of green-stained
oak stained a dark green. The
furniture is being made according
to the plans and blue prints.

To secure funds for the draper-
ies, a bake sale will be held at the
village hall tomorrow (Saturday)
at 3 o'clock.

Curtis Music Classes Give Demonstration In South Side School

A public demonstration in the
Curtis music class work given for
the parents and friends of school
pupils was last evening (Thurs-
day) in the South Side school.

This system of instruction in
piano playing is by charts and a
dummy keyboard as well as on the
actual instruments, and therefore
is adapted to group work with
children. Many parents can afford
to start their children off in piano
playing this way who could not af-
ford an individual teacher. Few
teachers especially enjoy the work
with beginners; and once well started,
many pupils will then wish to
go on and do advanced work which
will require individual instruction.

The Curtis work in Arlington
Heights is being given by Mrs. Is-
abel Cuny Oehlflein, under the aus-
pices of the board of education, and
is similar to what is being given
in Chicago schools and community
centers. The pupils pay a small
fee. A class meets Monday and
another Tuesday at 3:30 o'clock in
the 6th grade room of the North
side school; and one class meets
Thursday afternoon at the same
hour at the South side school. 33
pupils are now enrolled. The board
feels that this is a forward thing
in education, giving the children
a start toward the mastery of the
piano, a start they must of course
follow up and improve.

At this demonstration an extra
piano was furnished for the occa-
sion by Marie Schafer of Des
Plaines.

Collector Candidate Offers to Donate A Third of Salary

Mr. E. J. Weber, candidate
for collector in Palatine township
has introduced a new factor in the
race for the collectorship in that
township. He is offering, if elect-
ed, to donate thirty per cent of his
new salary to various civic causes
in Palatine. As the average in-
come for this position is around
\$1,200, the amount to be paid to
these causes would be not less than
\$350 for each of the four years
that the present election applies.

Mr. Weber offers 10 per cent to
the boy scout fund, five per cent
to the high school and the Lutheran
Christian day school and another
five per cent to the alumni.

TWO ESCAPE DEATH AS TRAIN HITS

Car Dashed Into Ditch By
Force of Blow; Men
Badly Hurt

Driving north on the Wilke road
about 4:30 o'clock Tuesday after-
noon, two young men were seri-
ously hurt when their Dodge coupe was
hit by a west bound North West-
ern express train which usually
goes close to 60 miles an hour. The
car was thrown into the ditch near
the race track fence, crushed like
an eggshell.

The boys hurt are Leonard Mc-
Clain and Nero Wilson of Bunce-
ton, Missouri, who have resided for
many months at the home of A. M.
Bunn at 105 West Campbell street.
While engaged in construction
work, McClain received a lacerat-
ed wound back of the left ear, an-
other on the left jaw, and a sprain-
ed back. Wilson's left leg was
broken in both bones below the
knee and he was cut on the right
hand and face. He is now in St.
Joseph's hospital in Elgin, after
first aid by Dr. E. K. Pfaff. Mc-
Clain is able to be about.

The doors were torn out of the
car, and scarcely an ounce of glass
left in it. The engine fell out as
the car was moved. And yet the
boys escaped with their lives.

This is known as a dangerous
crossing, and moreover is entirely
unprotected except during the time
the race track is open to the pub-
lic. Criticism is voiced at the rail-
road management for not putting
some adequate warning there.

Fairfield Addition New Subdivision of "Home in Country"

The Redecker Company acted as
brokers in the sale of the Ed.
Brockman farm of 25 acres on
Palatine road, last week to a syn-
dicate which has subdivided the
property into half acre tracts. The
new plat has been approved by the
county and Mr. Redecker says that
his firm will be ready to offer
the lots to public sale before the
end of the week. The exact prices
that will be charged has not yet
been determined, except that the
purpose will be to provide moder-
ately priced home sites for the man
who is looking for a "home in the
country" and has not so very
much money to pay for one. "In
fact," says Mr. Redecker, "Fairfield
addition is for the man with am-
bition and a vision to the future."
The half acre lots will be called
chicken farms, but many of the
purchasers will no doubt utilize
the property for simply a home in
the country with plenty of room
for garden, fruit trees, etc. The
property is only a half mile north
of the corporate limits of the Vil-
lage of Arlington Heights on Ridge
Avenue.

It will no doubt at some future
time be a part of the village and
be entitled to all modern conven-
iences. The addition has a front-
age of 551 feet on Palatine road,
a thirty four foot macadam road
maintained by the county. Fair-
field presents an excellent oppor-
tunity for a man to start buying
a home site.

Arlington Heights local news
will be found on pages 2, 3, 4, 5,
and 8.

Announcement Extraordinary

Word has just come in that
the Illinois Bell Telephone Em-
ployees' band and orchestra are
to come out to give music at the
high school Monday night. The
orchestra is made up of em-
ployees of all branches of the ser-
vice. They are donating their
services to the boys and girls of
Arlington Heights. They will
render music throughout the
evening.

MODERN APARTMENTS RENT IS FREE

Boys Enter High Grade
Bird Conveniences
In Contest

Choice apartments with modern
conveniences in bath and eating ar-
rangements are to be offered to
visitors in and about Arlington
Heights this year. These visitors
will spend no money in town, but
they will work overtime without
pay, eating bugs, worms and moths
that infest the yards and orchards;
and they will brighten the day with
their song. The boys of the town
led by the Boy Scouts, have been
the architects and builders of these
new apartments which will be lo-
cated among the trees and gardens
in the settings most congenial to
our feathered friends far more at-
tractive than the average denizen
of the city can enjoy.

The boys are going to show the
people of Arlington Heights what
they can make; how they can still
attract and keep the birds, though
mankind has cut down many of the
trees and orchards and altered the
landscape so as to break up the
bird's natural homes.

Prizes on Display.

Prizes for the bird shelter con-
test the big event at the Arlington
Heights high schools gymnasium
next Monday evening may be seen
in the south window of Peter and
Gorsuch's jewelry store at Camp-
bell and Danton streets. Two sil-
ver loving cups, treasured animal
books by Dan Beard, and bird
guides are the prizes, though the
best of all is the joy of achieve-
ment.

Boys putting in entries should
try to get them to the high school
after 9:30 o'clock Monday morn-
ing or before two o'clock in the af-
ternoon if possible. The judges
will score the houses, bird shelters,
feeding stations and bird baths be-
ginning at two o'clock and after
that the exhibit is open to the pub-
lic in the gymnasium.

Entry cards can be had from
Herman McElhose at the high
school Monday morning, or if they
want them before, they can get
copies at Peter & Gorsuch's store.
These call for the entry number,
the name, address, age, school and
school grade of the exhibitor, the
type of the exhibit, the name of
the kind of bird for which it is
intended, directions for location of
the house or other article made,
and remarks concerning special
features.

For boys who have difficulty in
getting the facts with which to
fill out the blanks, Herman McEl-
hose at the high school will help
them, perhaps with the aid of re-
ference books on the subject of
high school and in scout literature,
properly to fill out the cards with
the required information.

Regarding the distribution of
prizes, there are two classes, the
senior and junior. The junior class
takes in boys up to the 6th grade,
and the senior class takes boys
from the 6th grade up to the age
of 18.

Four prizes will be awarded to
each class—one for the best bird
house, one for the best bird bath,
one for the best bird feeding sta-
tion. For each class, the best en-
try will have one of the two silver
cups awarded.

The Illinois Bell Telephone Em-
ployees band and orchestra will play
at the exhibition in the evening and
the general drive for funds for the
Scouts, both Girls' and Boys' will
be started by the adult councils
auxiliary to the Scout organizations.

Business Activities Stirring In Heights

Building activities are beginning
on the south side especially as we
hear that the Landermilk Com-
pany have materials on the ground
for a new office in Scarborough,
the property recently purchased
from the Klehms. Of course those
who know of the persistent activi-
ties of "the man called Landermilk"
know this means that a new
city will soon show its glistening
towers and sightly homes on

OBSERVER'S NOTES

Hark! The Easter chimes are ringing.
Choirs their joyous anthems singing.
Nature bursts from prison,
New life, up from death is springing.
Angels come the tidings bringing,
"Christ the Lord is risen!"

Life out of death, we see it, all about us these early spring days. A little warmth, a little sunshine, and the dead branches bend, and the tiny buds begin to swell, and that which seemed dead is alive again. Glorious hope of Easter time.

A little warmth, a little sunshine, a spoken word of sympathy to one who has no anchor of hope, who "hopeless lays his dead away, nor hopes to see the dawning day across the mournful marbles play." Ah! Yes, a little warmth, a little sunshine and a word of sympathy and hope, may awaken within the desert of a soul. New life, new hope and faith, just as the sunshine today awakens the birds and the blooms of spring.

Arlington Heights has within the ten days just past been the scene of several sad tragedies. The faithful mother whose life was so tragically burned out while in the discharge of her home duties. That other poor distraught mother who, in agony of a dread disease, hastened her death. And the villainous attempt at the destruction of life and property by throwing a bomb. All these were tragedies.

denoting a degradation more to be feared than death of the body.

All of these within so short a space and in that time death entered homes, and sorrow drove out joy, but death to those who have the Easter hope is not a great black sorrow like crime and disgrace. Do not dwell on the tomb, wipe away your tears, and hear the angel message—He is not here, He is risen!

Thank God for churches that keep the Easter joy and hope alive in sorrowing hearts. Thank God for his earnest messengers who so fervently relate the Easter story, who so earnestly emphasize the Easter hope. "There is no death," "what seems so is transition." This life of mortal breath is but the gateway to the fields Elysian, whose portals we call death.

In no place is the story of Easter and the resurrection more beautifully illustrated than through nature in garden and in field. When we recall the lilies of the field, He considered worthy of His notice, may we be allowed to weave a legend of the flowers on Easter morn?

The roses whisper together, Soon will the morning dawn; The gold and purple curtains, Aside in the east are drawn. The roses a legend tells us, Grew very near the tomb. When they hid their heads in the gloom.

Now they whisper snow white lilies, With their lighted tapers tall, The morning light is breaking, That brings new life to all. The pretty blue eyed violet, The starry daisies white; Lifting their heads in joy forget, The long, dark winter night; The branch from which the thorns were torn,

To press His tortured brow, Weeps tears of joy on Easter morn, Since He forgives them now. Up from the drops in agony, That dreadful night He shed. To light ten million altars, Springs up the roses red; And from ten million gardens, Beneath the morning star; The buds of hope are bursting, Where e'er God's children are. The Easter morn is breaking Bright glows the morning star, New hopes in hearts are waking, Deaths prison doors unbar; The gold and purple curtains, In the east aside are drawn; Light through the darkness breaking, To greet glad Easter morn.

Whatever things are true whatever things are honest whatever things are lovely and beautiful think on these things. It is a question in my humble opinion as to the wisdom of repeating or asking to have published tales of wrong doings in our town. These reports are garbled and distorted beyond truth when they are oft repeated. Much better to search out and make punishment swift and sure. Making too much public noise, too often gives the perpetrators of evil deeds a chance to escape.

One feature of the Eastertide that is not to be overlooked as an omen of good is the family gatherings in the homes of those who have been confirmed. This is as it should be and writes a chapter in the memory of the children that will always bring joy and peace in

years to come. A child confirmed in to the faith of the Fathers, is a great asset in a community.

It is strange to one who was early impressed with the teaching that we should never proselyte or try to get into the church of our choice those who had been connected with some other Christian church. I say it seems strange to find Christian people using, shall I say, unworthy or unfair methods of getting into their own church.

The church built on such a membership is in danger of disintegration. Those who do not know their own minds or their own choice of a church, are not persons of deep thought, nor are they reliable material on which to build. Every Christian church should welcome all who come within its doors, but should use no unfair means of urging them in.

Listening to some inspired talks on the Christian faith and hope this week and more and more realizing what the love of God means to us, I trust all Christians may be drawn nearer at this Easter time, nearer to each other in faith and hope, nearer in love and charity, one for the other, for the love of God in Christ constraineth us.

The zone of calms is to many the hearts desire in life. Yet Goethe so truly tells us "Rest is not quitting the busy career," and to sit idle or to wander in complete inactivity without an incentive or an object to work for, seems as a stagnant pool, compared to the charm of an ever flowing stream.

Some sigh to reach "the zone of calm." Beyond a fear a dread or qualm; Are eager here to steer their boat, In a dead peace unmoved to float.

The isles of peace, the isles of peace, Where all activities shall cease; Where there is no more troubling, When door bells bid collectors ring.

O Sunshine land, O sunshine land, Where crystal vases touch silver strand, Where summer flowers ever bloom And there comes not one cloud of gloom.

The zone of calm, the zone of calm, It must lie near the isles of palms. Some how holds no appeal to me, While I in this earth house must be.

Our oaks and elms that stoutly stir In brawling winds, I still prefer; The maples and the poplars tall, Are trees I still love best of all.

I must keep active while I stay, In mortal house along my way; My muscles like the captive frog, That jerk to get back to his bog

I sigh not for the zone of calm, For me seem best the waves that slam.

And how could I contented be, Sitting beneath a stiff palm tree?

Our native trees that strong winds bend, Their branches as sheltering friend O kindly arms enfolding me, While tired from much activity.

When I no more can steer my boat, In zones of calm gladly I'll float; Sure that my captain, wise and strong, Will guide it just where I belong.

CANDIDATE FOR COLLECTOR TO THE VOTERS OF WHEELING TOWNSHIP:

At the solicitation of many of my friends, I have decided to become a candidate for Collector of Wheeling township. I have been a taxpayer of Wheeling township for 18 years and ask you to consider this when you cast your ballot. If elected I shall endeavor to give you the most efficient service.

H. W. MOEHLING.

CANDIDATE NOTICE

I herewith announce my candidacy for the office of tax collector of the Township of Wheeling and respectfully ask the support of the voters at the election April 2.

John C. Katz.

CANDIDATE FOR COLLECTOR

When going to the polls next Tuesday, I ask the voters to give consideration to my candidacy for collector. I am a working man and my name will be found upon the ticket by that name. I feel that a man who earns his living by hard labor has the same rights to public office as the man who has an easier job.

Top of World Says Wildhagen

Henry Wildhagen, who has been the rural mail carrier on Route 2 from the Palatine postoffice for many years, returned recently from California where he spent nearly three months. He spent those months at Palm Beach and while there visited John Helmkin, who he says sits on top of the world. The former Arlington Heights resident lives at Whittier, but his home is on the side of a hill, 50 feet above the town; and from his window, Mr. Helmkin has a view of it is greatly admired.

ANNOUNCEMENT

To those whom I will not be able to meet personally before the coming Township Election, I take this means of introducing myself as a candidate for Collector.

Although I have never been a candidate for public office before, I was born in Wheeling Township and have lived here the greater part of my life and have been a taxpayer since 1908. I am a carpenter by trade and it was while performing my duties as such, last October, when I met with a very serious accident, from which I have not fully recovered as yet, and while I still hope, to be able to resume work at my trade sometime, I have no positive assurance, of ever being able to do so.

I have a wife and four children, three of whom are of school age. If elected I pledge myself to perform such duties as are required to the best of my ability.

WILLIAM ANNEN.

Announcement

To the Voters of Wheeling Township.

We ask your consideration of the candidates for township offices whose names appear on the ticket headed, "Peoples Choice." The number of candidates this year for these offices makes an unusual situation and the candidates, whose names are given below, have aligned themselves together in order that collectively they may secure greater recognition from the voters. Voters will note that the position of tax collector and one position as justice of the peace have been left vacant in order that you may express your individual choice for those offices.

For Supervisor—Chas. Grandt.
For Town Clerk—John Duthorn.
For Assessor—J. O. Bouffard.
For Justice of the Peace—Herman Dodge, Chas. Duncan, Ernest Kruse.
For Constable—Joseph Hinsberger, Henry Grandt, Jr., Henry Busse, Wm. Wilke.

TO THE VOTERS

To Voters of Wheeling Township:

It is found the candidates for election April 2 on the Progressive Party ticket shown below are vitally interested in Wheeling township needs. The question uppermost in the minds of our citizens is the matter of revaluation of property and its outcome. No one really knows much about it other than the fact the payment of taxes will probably be deferred until sometime in July or perhaps later. Our candidates for assessor and collector have been keeping in touch with the situation and, while answering many questions put to them by property owners, other candidates on the Progressive Party ticket are also putting them to the test for the purpose of anticipating how future expenses of the township may be met most economically. These are or course facts that must be faced by every taxpayer, and indicates in another phase the superior fitness of public spirited men who are offered for election April 2. This is purely a business proposition and affects every individual in the township directly or indirectly, and as all of the candidates on the Progressive Party ticket have pledged themselves to support every progressive issue for the betterment of our local conditions, we again urge the voters of Wheeling township to consider carefully their qualifications for the office to which they aspire as published in Tuesday's issue of the Herald. Vote early and vote the Progressive Party ticket.

Our candidates are: Alexander Lips for Supervisor; William Pfluger for clerk; J. Schwingel for assessor; William Weber for collector; Wm. A. Brown, Gilbert J. Klehm and Wm. E. Kopplin for Justice of the Peace; D. T. MacNab, Alfred T. Chidley and John Mochen for constables. Whatever assistance you feel able to give in support of these able candidates will be greatly appreciated. The Progressive Party

Newly Organized Club Enjoys First Social Event; All Cooperate

The people of the south side are looking forward to some good times before summer really sets in. The first of a number of events occurred Tuesday evening when a card party was held in the South side school house. Twenty tables were in play at buncos, "500," bridge, pinocle and whist. This club was only organized last Friday night. Refreshments were served and prizes awarded.

The south side of Arlington Heights is growing faster than any other part of town and one purpose of this club will be the bringing together of the newer and older residents of that section. Its purpose is purely social and the showing of the good neighborly spirit to those who have recently located here and extending a welcoming hand to new arrivals of the next few months.

Further announcements of other gatherings will be made in the press. All residents of that section of the town are welcome and none should wait for a special invitation. This club is for everybody, has no dues and is not run for financial gain. The only costs are the necessary expenses.

Spirited Election in Elk Grove Tuesday

Tuesday, the people of Elk Grove will go to the polls to vote for their township officers for the next four years. Several of the candidates are men who have served the township in the same offices they seek again and little need be said about them. However, the question of collectorship is that the people themselves must decide. The candidates for this office are John Gerken of Mt. Prospect; Otto Busse of Elk Grove; Edward H. Pingel of Mt. Prospect; William Rohlfing of Elk Grove and Otto C. Maleske of Mt. Prospect.
The position of town clerk also has two candidates. They are Arthur Heimsoth and Herman Busse. There is only one complete ticket, the People's party, which has a candidate for every office to be filled.
It is up to the voters to do their part and go to the polls next Tuesday, April 2, and vote so there may be no question as to who the people want as their governing body for the next four years. Vote the entire ticket as every office has someone up for election.

Fire Insurance Rates are Reduced

The Chicago Board of Underwriters has again changed the rates on fire insurance in Mt. Prospect and this time have given the property owners a reduction of approximately 10 per cent. The decision of the board reads to be effective as of December 13, 1928.

The factors that contribute to this reduction can be credited to the efficient fire fighting apparatus, the house numbering ordinance, the additional street and water improvement and the substantial building ordinance as well as the efficiency of the fire department.

The new rate puts Mt. Prospect in a class which is the goal of many of the neighboring villages and is also an indication that the board of underwriters is always on the watch to see that proper fire protection, which goes a long way toward fire prevention, is given its due place and the people of progressive communities get the benefit of their work toward these aims.

To substantiate the above, we add what the Hartford Fire Insurance Company writes its local representative:

William Busse, Jr., local Hartford Fire Insurance representative is in receipt of a letter under date of March 21, 1929, advising that the Chicago Board of underwriters has changed the classification of Mt. Prospect from Class 7 to 6 effective December 13, 1928.

All policies issued by the Hartford Fire Insurance Company will receive a rebate on those policies issued subsequent to September 2, 1925. This certainly is good news to the citizens of Mt. Prospect, as it will mean a substantial decrease in insurance on their homes.

The Hartford Fire Insurance Company and its local representative are to be congratulated for their untiring efforts in securing cheaper insurance rates for this community.

The Hartford Fire Insurance Company was the first company to send in their check to the village treasurer for the 2 per cent which all insurance companies are required to pay according to village ordinance.

Chamber of Commerce To Advertise Village With Sign Boards

Wednesday evening the chamber held its regular monthly meeting and after the routine business was taken care of the members discussed several important matters.

First was the donation to be made by the chamber toward a second set of equipment for the playground of the public school, this was decided on and the secretary was instructed to notify the Improvement Association committee.

The second question was that of the state income tax and upon proper motion the secretary was instructed to forward copies of the resolution to our representatives in the state legislature of our opposition to this tax.

Another item was that of getting back of a movement to put up either 1 or 2 billboards 10x50 feet advertising our village which was approved by the chamber and a committee consisting of George Busse, Wm. Busse, Jr., and John Gors were appointed to take charge of this.

The question of dividing our village into four fire districts was also discussed and Mr. Biegel was requested to take this up with the village board at its next regular meeting.

All these questions were discussed pro and con and the decisions were reached after considerable debate so that the chamber feels sure it has the best interest of all concerned at heart when they approved the various motions.

CANDIDATE FOR COLLECTOR
I herewith announce myself as a candidate for the office of collector for the township of Elk Grove up on the ex-service man's ticket and respectfully solicit the support of the voters.

Two Full Tickets Before Mt. Prospect Voters April 16th

The Civic Welfare Party of Mt. Prospect has published its platform and is asking the voters of Mt. Prospect to support them on this platform of progress, economy, law and order. Three subjects that are vital to the importance of every village. Walter W. Weiss, the chairman of the campaign committee of this party, with the assistance of the executive committee, formulated the platform, which was later endorsed by the various candidates, who pledged themselves to carry out its provisions, if elected.

Mr. Albert C. Haake, the candidate for president expressed himself as well pleased with the work and feels it is quite an honor to any man to be asked to run for this office as a successor to William Busse. The other candidates, Harry O. Gunderson, B. C. Ivers, and Frank J. Biermann, feel about the same way, expressing the hope that they may keep faith with the people of Mt. Prospect in as wonderful a fashion as has the board under the guidance of the retiring president.

What has been accomplished is a matter of record, and a record that is absolutely clean, fair and above reproach.

The Civic Welfare Party candidates know they have a real job on their hands, should the election favor them, as many questions of public interest will come up and the tax question is also a vital one.

This party has chosen some very highly qualified men for office. The Progressive Voters' League is the name of the other ticket. Its ticket is not yet quite filled, but petitions for members have been filed placing in nomination, Dudley Budlong, Ray Fleish and L. W. Barcroft, all men well known to the people of Mt. Prospect.

As we go to press we learn that Herman F. Meyn is the candidate for mayor on the ticket of the Progress Voters' League. The keen interest shown by Mt. Prospect people in the coming election, and the caliber of all the candidates for public office means that no matter which ticket is successful, the progress of the village is certain to continue.

Spring Building Boom Starts In Mount Prospect

If you want to see what this is take a walk around town especially on the southwest side. It is in this section that house after house is going up and permits for more are being taken out almost daily.

Should this continue into the summer the population of Mt. Prospect will double before the fall season. It is truly a real sight to see the workman busy on group after group of homes, however, we are looking forward to a steady growth in population and with this building boom on we should be pleasantly surprised with the growth before the official census man comes knocking at our door in 1930.

ANNOUNCEMENT
I herewith announce my candidacy for Justice of the Peace upon the Progressive Voters' League ticket.

Every candidate on the People's ticket endorsed my nomination as a candidate. A mere technicality on the petition made me withdraw and run as an independent. The following are the candidate on the People's ticket that consented to my nomination: Albert Wille, Arthur Heimsoth, Wm. Rohlfing, Frank Lueders, Wm. Mulso, Herman Beer and George Meyer.

Theodore C. Moehling.

To my Friends, Neighbors and Fellow Citizens in Mount Prospect and the Township of Elk Grove:
I take the liberty to announce my candidacy for township collector for the Township of Elk Grove at the coming election for that office to be held Tuesday, April 2nd, 1929.

If I am elected, I pledge myself to carry out the duties of the office of Township Collector to the best of my ability and to the best interest of the township.

Sincerely,
OTTO C. MALESKE.

Herman F. Meyn is Made Candidate for President of Board

(Advertisement)
The Progressive Voters' League of Mount Prospect wish to announce the withdrawal of their candidate for president of the Village Board, namely, E. V. Williams, due to the fact that his residence has not been long enough in the village to qualify for the position. Therefore another selection had to be made for this important position.

Herman F. Meyn consented to become a candidate after being interviewed by many prominent business men and an unusual host of friends. They convinced him that he is the proper man to carry on the banner of the Progressive Voters' League at the annual election on April 16.

Mr. Meyn was born and reared in Mount Prospect and is now 40 years old, and may be considered a real pioneer of this community. He has been engaged in private business here for 11 years. His business is blacksmithing, body building and dealing in farm implements. He is a charter member of the Mount Prospect Volunteer Fire Department organized in 1913, and served as Chief of the Fire Department for the last 8 years.

Mr. Meyn is an active member of the Mount Prospect Improvement Association. His business is such that it does not take him out of the village very often, therefore he is always ready and willing to serve the citizens to the best of their interests. He is a man of honesty, integrity, reasoning power, law abiding, fearless and unbiased in his decisions, a business man for a business position.

Mr. Meyn's running mates are also business men with one exception, and he is a carpenter. The following are the candidates at the village election of the Progressive Voters' League:

President of the Village Board: Herman F. Meyn.
Trustee of the Village board: Dudley W. Budlong.
Trustee of the Village board: L. W. Barcroft.
Trustee of the village board: Raymond Fleish.
Police Magistrate: George Tatge.

CANDIDATE FOR COLLECTOR
I herewith announce my candidacy for the office of collector of the township of Elk Grove and respectfully ask the support of the voters at the election, April 2nd.
—Otto Busse.

CANDIDATE FOR COLLECTOR
I herewith announce my candidacy for the office of collector of Elk Grove township and respectfully solicit the support of the voters at the township election.

Joint Band Give Concert at High School

The bands of the high and the intermediate schools gave a concert in the auditorium after lunch Monday, under the direction of W. N. Sears. The bands were in full uniform.

The numbers played were an overture, "Ambition," and two marches, "Military Escort" and "Normal." Mr. Sears then gave a talk on the coming school band contest at Elgin on April 12. He hopes that some of the pupils may be able to attend it.

There are more and better high school bands in this section of the country, said Mr. Sears, than in any other in the United States, the best band in the national contests being of the Joliet high school. The Arlington Heights school band is not entered in the present contest, but is taking a keen interest in it with a view to future participation.

F. L. H. Lueders Candidate For Re-election

As a candidate for re-election as Justice of the Peace of the Town of Elk Grove, I ask the support of the voters on my past record, which I believe will bear a most searching investigation without fear or favor and the result will show that I have held this position with credit to the people of the Township of Elk Grove; also the village of Mt. Prospect.

The past four years have been years of changes in the laws of our state and to keep abreast of all recent decisions by the higher courts, has been my aim.

I am an active member of the Cook County Justice Association, Mt. Prospect Chamber of Commerce, The Improvement Association and also of St. Paul's Ev. Luth. church of Mt. Prospect.

Another thing I may say, is that in all the cases that have come before me in only one instance has my decision been appealed from and this was not a direct one, but one of the contestants did not come into court to tell their side of the case.

With this record, I will receive the verdict of the people at the polls on April 2, 1929.

F. L. H. Lueders.

It helps to pass the time and serves to keep me in touch with friends in events in the old home town, of which I surely have many fond recollections. I am feeling great these days and am much interested in the result of the coming elections in Arlington Heights. Every day here is like the previous one and it seems good to read about places where things are really happening. Give my regards to any of my friends."
